RIDES ON A LOCOMOTIVE.

President Harrison Makes the Whistle Shriek and Secretary Tracy Pulls the Bell Cord.

PEORIA, Oct. 8.—The third day of the president's journey opened most auspiciously. When he awoke in his room at the National hotel the sun was shining brightly and the air was crisp and cool. The president had a good night's rest and was in excellent health and spirits. At 7:30 Mayor Clarke and a delegation of prominent citizens called on the president to escort him to the Chicago, Burlington and Quincy railroad station, where his car was waiting. The president was loudly cheered on his way to the station, where a very large assemblage was in waiting. The president was introduced to the assemblage by Mayor Clarke and he addressed it from the rear platform of his car.

He said: "My fellow citizens—It is not possible that I should introduce this morning any serious theme. I have greatly enjoyed this trip and find myself simply saying thank you, but with an increasing sense of the kindness of the people. If anything could add to the solemn sense of responsibility which my official oath places upon me, it would be these evidences of friendliness and confidence. The great mass of the people of this country are loyal, loving, dutiful citizens, ready to support every faithful officer in the discharge of his duty and to applaud every honest effort for their good. It is a source of great strength to know this, and this morning, not less from this bright sunshine and this crisp Illinois air than from these kindly faces, I draw an inspiration to do what I can, to promote the good of the people of the United States.

"I go to-day to meet with some comrades of your state who stood with me in the army of the great union for the defense of the flag. I beg now to thank these comrades of Peoria and this company of national guards, and all these friends, and you Mr. Mayor and gentlemen of the reception committee, for this kindly greeting, and to say that I have the satisfaction of knowing the people of this community are very prosperous. That as prosperity increases every citizen, even the humblest shares it. May peace, social order and the blessing of God abide in every house is my parting wish for you."

One of the features attending his visit here was a verry pretty little presentation at the station this morning. Miss Elsie Leslie, the child actress of the Prince and Pauper company, on behalf of the citizens and the Grand Army, presented him with a beautiful boquet saying "The citizens of Peoria and the Grand Army wish me to present this to you and I am very happy to do so." The president took the boquet and then stooped down and kissed the little girl on the cheek. The party have left for Galesburg.

Breakfast was ready in the dining room of the car and the president was served immediately after leaving the station. Shortly before 9 o'clock the committee from Galesburg, consisting of Major H. H. Clay, Judge A. A. Smith and Hon. H. M. Sisson, accompanied by representatives of the Galesburg press, called on the president and explained to him the program arranged for his entertainment at Galesburg. This included a review of procession and an address of welcome by Mayor Stevens to which the president will respond. The president will then lay the corner stone of Knox College Alumni hall, going thence to the Union hotel where luncheon will be served.

After luncheon the president is to preside at the brigade meeting at the opera house. At 6 p. m. he attends the Phi Delta Theta banquet, and later the brigade banquet.

Just before the train reached Galesburg it was brought to a stand still, and the president walked up the track to see the beautifully decorated engine, and to speak to the engineer, Frank Hilton, who was a member of the 102d Illinois regiment, part of the president's brigade. The president, after shaking hands with the engineer and fireman, signified a wish to take a ride on the locomotive. "I'll get up and ride if you'll keep her on the track," said the president, as he climbed into the cab. Secretary Tracy and Judge Rice, of Quincy, followed. Engineer Hilton grasped the lever, while the president sat on the engineer's long cushioned seat, the throttle valve was opened and away sped the train towards Galesburg.

Secretary Tracy, who was occupying the fireman's seat, amused himself during a part of the time by pulling the bell rope, and the president made the whistle shriek several times when there were no cows or crossings within a mile or more. After a run of five miles the train was stopped and the president shook hands again with the engineer and fireman and left the cab. He and his two companions stood at the side of the track whilh the train was pulled forward, until the Hasmere was abreast of the party. They climbed quickly on board, the signal to start was given and the journey to Galesburg was resumed. The train slowed up at the city limits and it was about 10 o'clock when it pulled into the station here.

At the station the president was met by Mayor Stevenson and local committee, who acted as his escort to the Union hotel. There was an enormous crowd at the station and lining the streets, and the program of the procession of carriages through the streets was marked with continued cheering. At the Union hotel the president was taken to a private parlor and in a short time arrangements were made for a brief reception by distinguished and local citizens. General Post made the introductions. The reception lasted only a few minutes and the president then returned to his private parlor.

Col. H. G. Ballingall, of Ottumwa, president of the Iowa coal palace, called on the president to arrange the program to be followed to-morrow. The program as arranged includes a parade at 1:30 p. m., dinner at the residence of W. T. Fenton, a visit to the coal palace where an address of welcome will be delivered by Governor Boise and a response will be made by the president. In the evening from 8 to 9 o'clock a reception will be tendered him and Gen. Grosvenor will deliver an address.

ALL RIGHT NOW.

The End of the James--Crary Elopement at Martinsville.

MARTINVILLE, Ind., Oct. 8.—Society here and at Kingstown was thrown into a fevered state a week ago over the elopement of Miss Pearl Crary, of this city, and Ed James, of the latter place. The young lady's father, it will be remembered, at first desperately angry, pursued them and had them arrested at Richmond.

Young James was not of age, nor was the girl. Yet they got a man to swear that they were, and thus secured a license to marry. Before the ceremony could be performed both were arrested, and he, being unable to give bail, was placed behind the bars. Matters have now been amicably adjusted, and the lovers were married at the residence of the bride's parents this afternoon, Rev. E. R. Vest, of this city, officiated, and was assisted by Rev. R. F. Brewington, of Knightstown. All suits growing out of this affair will be withdrawn at once. The young folks are representative families of their respective cities.

TERRIBLE EXPLOSION.

Nine Men Injured, One of Whom Will Die.

MUSKEGON, Mich., Oct. 8.—A terrible explosion occurred at the Ducey Lumber company's lower saw mill, on the north side, at 6 o'clock this morning, as Fireman Yerger was getting up steam to start the engines. Four of the six boilers exploded with tremendous force, wrecking one-third of the building completely and throwing the other two boilers from their foundations. Nine men were injured. Yerger, the fireman, was caught under the timbers and escaping steam scalded him terribly. He will die. A young man named Hawkins is also fatally injured. The loss is estimated at $12,000; no insurance.

NEW CITY GOVERNMENT.

Cincinnati Wants to Take Off the Old and Put on a New.

CINCINNATI, Oct. 8—It became known last evening that 500 leading citizens, judges, attorneys, bankers, capitalists and merchants, equally divided between the two parties, would go to Columbus next Tuesday, at the opening of the special session of the legislature, with a bill already prepared to abolish the entire city government of this city and substitute a federal form. The head officer is to receive $10,000 annually. A board of control of five members, on a salary of $7,500, will constitute the governing force of the city. No other officer of any kind will be known.

UP WILL GO SHOES.

The Blessings of the McKinley Tariff Bill.

NEW YORK, Oct. 8.—About 130 shoe manufacturers, representing all parts of the country, met here yesterday and decided that there must be an advance in the price of shoes. This decision was reached only after a long discussion. It was said that the advance would be from twenty-five to fifty cents a pair.

Robber Captured.

DENVER, Col., Oct. 8.—Deputy United States Marshall Bush has arrived here from Salt Lake, whither he went to capture the Muddy Creek stage robbers. Bush located the two men last August in the Blue mountains and started after them with a posse. He chased them from Wyoming to Utah, thence to New Mexico, thence back to the Blue mountains and finally to the La Salle mountains, where Dan Parker was captured after a desperate resistance. Frank Roger, the other robber, escaped.

Killed by a Freight Train.

GREENFIELD, Ind., Oct. 8—Last night as Samuel Anderson, aged about seventy, attempted to crawl under a freight train, it started and he was caught by the brake bars and rolled over and his life crushed out. The train was soon stopped and his remains removed, but slightly mangled. He has been engaged by the Pan Handle company here for many years to attend to the switch lights. He was one of Greenfield's first settlers. He leaves a wife and thirteen living children.

A TERRIBLE MISTAKE!

Little Earl Arnold Drinks Carbolic Acid and Death May Result From It.

About noon to-day Earl, the four-year-old son of John Arnold, residing at the corner of Third and North Calhoun streets, in Bloomingdale, picked up a vessel containing what he supposed to be water and drank from the contents. Instead of being pure, cold water it was carbolic acid, which had been set on a window sill as a deodorizer.

The deadly effects of the poison soon sent the boy into convulsions. The acid began to eat away the covering of his mouth, throat, windpipe and tongue, nearly causing the boy's death before the arrival of Drs. Gard and Ogle, who had been sent for. They found that the liquid he swallowed contained ninety per cent. acid. The lad may die.

THE OLD WORLD.

News as it Comes to Us From Foreign Shores.

LONDON, Oct. 8.—A belief prevails that the striking furnace men will return to work on the masters' terms and many of them are reported to be willing to resume their places at the old rate of wages. The decline in Scotch iron is attributed to this fact.

ROME, Oct. 8.—The pope has proposed to the Abbe Cetty, whose writings on social questions have attracted much attention, that he be appointed to the bishopery of Strasburg.

LONDON, Oct. 8.—The Standard's Constantinople correspondent learns that false rumors concerning the alleged movements of Russian troops on the Turkish frontier have been spread by Russians so as to bring the Sultan to an alliance with the Czar.

DUBLIN, Oct. 8.—A meeting of the tenant defense committee was yesterday called at the mansion house to defect arrangements for the collecting of parochial contributions in aid of evicted tenants. The committee announced that £10,000 had already been received. Mr. Dillon presided over the meeting.

BERLIN, Oct. 8.—The ex-minister of war, Gen. Verdy du Vernois, has been granted a pension and the emperor has made him honorary colonel of the third Pomeranian regiment, the command with which the general began his military service.

AMSTERDAM, Oct. 8.—The condition of the king of Holland remains unchanged. The attendant physicians are about to hold a consultation after which they will present a formal report to the cabinet. It does not seem probable that a regency will be established for two weeks to come.

NAPLES, Oct. 8.—Apprehensions are entertained that the conference between the representatives of England and of Italy on the Delmation of the African possessions of the two countries will prove abortive. Both sides tenaciously adhere to their respective position with regard to Cassala and it is not impossible that this may result in defeating a settlement.

REWARD TO TRAINMEN

For Not Giving Assistance to Knights of Labor During the Strike.

NEW YORK, Oct. 8.—The locomotive engineers and firemen employed by the New York Central and Hudson River Railroad company gave the Knights of Labor no assistance in their recent strike and beginning October 1 the majority of them in the freight service received advances of wages amounting to 25 per cent. This advance was voluntary.

Yesterday Vice president Webb, being asked whether this increase of pay was in the nature of a reward for fidelity to the company during the late strike, replied: "No, nothing of the kind. The increase is given only to men who run the new mogul or ten wool engines. It means more work to run these engines, so those who do the work are getting more money for it.

Arrange to Fight.

NEW ORLEANS, Oct. 8.—The directors of the Metropolitan Athletic club of this city announces that Billy Myer and Jack McAuliffe are to fight in the club in January for $2,500 a side, a purse of $5,000 and the light weight championship of the world. Five ounce gloves are to be used and the men are to fight at 135 pounds. McAuliffe is to be allowed $250 for expenses.

Committed Suicide.

SEATTLE, Wash., Oct. 8.—William Sprague, jr., grandson of ex-Chief Justice Chase and only son of ex-Governor Sprague, of Rhode Island, committed suicide by inhaling chloroform yesterday. Deceased came here from Chicago and secured employment in a menial capacity with the Seattle Journal. Despondency prompted his suicide.

Killed by a Lamp.

PHILADELPHIA, Oct. 8.—Mrs. Mary Shissler, who was struck with a lighted lamp thrown by Peter Clark during a row, died from the frightful injuries she received. Clark was held to await the action of the coroner.

The Weather.

WASHINGTON, Oct. 6.—For Indiana: Warmer, fair weather, southwesterly winds; rain Thursday.

MYSTERIOUSLY MISSING.

Young Rosa Alt is Sent to Procure Groceries and Does Not Return Home.

Rosa, the twelve year old daughter of Mr. and Mrs. Anton Alt, of 151 Suttenfield street, is mysteriously missing and the city is being searched to discover her whereabouts.

Last Monday afternoon little Miss Rosa was sent by her mother to procure groceries at the store of Philip Graf, on Lafayette street. She was seen to leave the gate of her home with a basket on her arm, and nothing has since been seen or heard of her. The parents, who have always been indulgent to their daughter, are frantic over her continued absence and will not be consoled. Mr. Alt is employed at the Bass foundry. The missing girl was obedient and lovable. She had no inclination to run away, hence there is good cause for anxiety. The girl wore a blue cotton dress.

REV. STEPHEN A. NORTHROP

Elected President of the Indiana Baptist State Convention Now in Session at Muncie.

The fifty eighth annual meeting of the Indiana Baptist state convention, which is now being held at Muncie, and is attended by a number of delegates from this city, will continue in session one week and bids fair to be one of the most interesting and important ever held in the history of the denomination in this state, as matters of great interest to the work and growth of Christianity in the state will be considered.

The leading object of this important body is to help the weak and promising churches in the growing towns of Indiana; assist them to build suitable church homes, and to support a pastor till well under headway and self sustaining. It has a board of managers, who meet at Indianapolis four times a year to hear reports from these mission fields and to do all they can to encourage them.

There are nearly fifty thousand Baptists in the state and the recent report at Muncie reveals an increase of about four thousand members in the borders of Indiana. There are 3,150,000 Baptists in the United States—their net increase is 110,000 per annum—and there are 9,000,000 people who attend its 31,000 churches. Franklin college, at Franklin, Ind., just south of Indianapolis is supported and patronized by the Baptists of the state. The buildings are new and the institution has an endowment of some two hundred thousand dollars.

Rev. Stephen A. Northrop, the pastor of the First Baptist church of this city, was unanimously elected president of the state convention, at Muncie yesterday, and made a characteristic speech of acceptance. The honor was one worthily bestowed, for few men make a better presiding officer, or are more prominent in the church work of the state. He is a leading member of the managing board, also a member of the board of trustees of the Baptists' Ministers Home, located at Fenton, Mich., and of the Baptist Assembly board of managers, which has one hundred acres of beautiful grounds located at LaPorte, near Pine lake. Rev. Northrop will preside with grace and dignity and will give satisfaction in his rulings. Tomorrow morning he will deliver one of the principal addresses of the convention, his subject being "The Educational Awakening."

DEMONICAL DEED.

A Child Mother Kills Her New Born Infant.

SEDALIA, Mo., Oct. 8.—A young girl, apparently about fourteen years of age, who was tramping through the country, stopped at the residence of Charles Dick, a farmer, living near this city, last night. She was furnished with supper and went to bed. In the night she got up, went out of doors, and gave birth to an infant. She pulled the child's head off and threw it on the ground, and threw the body into a chicken coop. The crime was discovered this morning, and the girl arrested. She gives her name as Martha Stanley, and says her home is in Carterville, Mo. She refused to give any reason for her inhuman deed.

A GERMAN'S WILL.

He Gives $10,000 to a Man for Nursing Him.

COLUMBUS, Oct. 8.—Frederick Staebley, an aged German, with no known relatives, who has resided in this city for years, and acquired a fortune estimated by many as amounting to $10,000, died here last week.

Yesterday his will was admitted to probate, when it was learned that Victor M. Greiser, a popular young merchant tailor of this city, was named as his sole heir. Some months prior to the old man's death he sent for Greiser and made a contract with him that he would will him all of his property if he would live with and care for him until he died, The contract has been lived up to by both.

The Dahomey Treaty.

PARIS, Oct. 8.—Minister Barby announced at the cabinet meeting yesterday that the clauses of the treaty with Dahomey would be immediately carried into effect.

RIFLES' RECEPTION.

A Grand Military Ball and Banquet at Princess Rink.

One of the most festive occasions ever held in Princess rink was the fifth annual ball and banquet of the Fort Wayne Rifles, last evening. The grand hall was decorated in national colors and its effect was heightened by the brilliant moving spectacle of many couples as they whirled about in the mazy dance. Fourteen numbers constituted the program, after which came a fancy drill by the Rifles.

The banquet was announced at midnight. Hon. James M. Barrett acted as toastmaster in his usual brilliant and witty style. He first introduced Mayor D. L. Harding, who responded to the toast "Our City," in which he referred to the war campaigns of Generals St. Clair and Anthony Wayne and the advance of civilization since those days of carnage. M. M. Slattery responded to the toast "Our Ladies" in a graceful way that is peculiarly his own. Captain C. J. Bulger, the popular young officer who has the Rifles in command, responded to the toast "The Rifles," by reviewing the ascendancy of the organization. Will Ranke responded in a similar way to "The Zollinger Battery." Captain Frank Rawles, the first captain elected by the Rifles, was a visitor in the city and in response to a toast "The Militia," he made a fitting impromptu speech. John T. Dougall, city editor of the News, responded to the toast "The Press." Mr. Dougall is a scholarly young journalist, as witty as he is brilliant, and would make an orator. His remarks made a decided hit. William P. Breen, whose flow of eloquence is like music to the ear, remembered "Our Friends." The "Tatto" by Hon. R. C. Bell, that peer of banquet entertainers closed the program, and the crowd dispersed very favorably impressed with the successful entertainment.

Reineke's orchestra furnished music throughout the evening and Seidel catered.

RUBE BURROWS CAPTURED.

The Notorious Southern Desperado and Train Robber Arrested.

BIRMINGHAM, Ala., Oct. 8.—Telegrams received here to day announce the capture of Rube Burrows, the notorious train-robber, near Myrtle, Monroe county, Alabama. He was captured about 4 o'clock yesterday afternoon by a farmer named John McDuffee, who succeeded in leading him into a trap, and the great outlaw was secured without a struggle. He is now in jail at Linden, Ala. The rewards offered by the government, states, railroads and express companies for the capture of Burrows aggregates $7,500. The Southern Express company has spent not less than $25,000 in trying to capture him.

BURROWS KILLED.

BIRMINGHAM, Ala., Oct. 8.—Rube Burrows, the notorious outlaw and train robber, was shot and killed while attempting to escape from jail by J. C. Carter, one of his captors, at daylight this morning. Burrows was shot in the abdomen and died in a few minutes. Carter received a bullet in the breast from the outlaw's pistol and is dangerously wounded.

SHE MAY NOT MARRY.

The Engagement of Miss Winnie Davis Reported Broken.

SYRACUSE, N. Y., Oct. 8.—The announcement came from New Orleans this afternoon that the engagement of Alfred Wilkinson, of this city, and Miss Winnie Davis, of Beauvoir, had been broken, caused much comment and surprise here. The nuptials had been looked forward to with a great deal of interest. When the engagement was first announced the wedding was put down to take place last month. In July came the announcement that it had been postponed until next June at the request of Mrs. Davis. It is now believed that the engagement was broken at the time and that the matter has been kept quiet until now.

Relatives and near friends of the Wilkinson family say that in all probability the engagement has not been broken, one going so far as to say that he understood that preparations were going on for the wedding. It is believed here that Mr. Wilkinson's finances have had something to do with the end of the engagement, if it is really broken.

YOUTHFUL RUNAWAY.

Le Roy Palmer and Ella Lybarger Refused a Marriage License.

To day a young couple sought to get a marriage license at the clerk's office.

The young man, Leroy Palmer, was twenty years old and the girl, Ella Lybarger not more than sixteen. They live near Van Wert and confidentially told Mr. Kern that their parents did not approve of their marriage so they concluded to come to this city and have the ceremony performed.

They were informed that the law would not permit them to become husband and wife and they left the office with disappointment depicted on their faces.

The will of John R. Sohone was entered for probate to-day. All the property is bequeathed to his wife.

TRIED AND TRUE.

The Valiant "Boys" Who Fought Under the Stars and Stripes---The U. V. L. Proceedings.

There are about four hundred comrades of the Union Veteran legion attending the national encampment which opened to day. Col. J. S. Read and the following staff officers are at the Randall: Arthur Dreifus, adjutant general, St. Louis; W. H. Redheffer, attorney general, Philadelphia.

The national officers in addition to national commander are, Albert C. Bond, senior vice commander, Brooklyn, F. N.; James Smyth, junior vice commander, Williamsport, Pa.; Frank L. Blair, quartermaster general, Petoskey, Mich.; W. B. Chapman, inspector general, Bradford, Pa.; Rev. John A. Danks, chaplain-in chief, Allegheny, Pa.

The Ladies' auxiliary to the legion will also transact business at the encampment. Last evening Mrs. Emma J. Barker, the national president, was tendered a reception at the Wayne hotel.

A preliminary camp fire was held at Sion S. Bass post hall last evening, at which greeting was extended to the veterans on behalf of the G. A. R. Judge S. M. Hench presided. An address was delivered by Col. I. N. Walker, of Indianapolis, and it was heartily applauded. Colonel Danks gave some of his inimitable selections of music, and addresses were made by Judge Hench, of this city; Colonel Chapman, General Pierceton, past department commander U. V. L., and others. The camp fire closed with a fine recitation by Mrs. R. Steadman McCann, of this city.

The veterans marched from the Randall hotel to the Standard hall at 9 a. m. this morning, headed by the city band. The meeting was called to order by J. S. Reed, the national commander, and Adjutant General Dreifus officiated as secretary.

The morning session was consumed in hearing national reports. The afternoon session was occupied in transacting business of an unimportant public nature, and an early adjournment was made, in order that the visitors might be shown over the city, as it was feared to-morrow would not bring another day so perfect for such a pilgrimage. The grand camp fire will be given at the Princess rink this evening. To morrow will be the important day of the session, officers then being elected, committees appointed, etc.

FISHER TO THE FRONT.

The Young Passenger Agent on the High Road to Fame.

Few visitors who come to Fort Wayne do more hand shaking and meet with a more cordial reception than W. H. Fisher, formerly passenger agent of the Muncie route with headquarters in this city, now general passenger and ticket agent of the Columbus, Hocking Valley & Toledo railroad, with headquarters at Columbus. Mr. Fisher arrived in the city last evening and is superintending the shipment of household goods to his home. He speaks of the flattering prospect for this "pumpkin-vine road," which has heretofore been noted more for its freight business than anything else. The passenger equipment is being improved to compare with the best in the country. There is new life instilled into the passenger business and THE SENTINEL will vouch that the characteristic hustle of Mr. Fisher will accomplish wonders. A matter of local interest is the appointment of L. W. Landmann, a former ticket broker in this city, to the position of traveling passenger agent under Mr. Fisher. The appointment was made this week.

FROM A SCAFFOLD

John Hatch Falls and is Impaled on a Sharp Stick.

A painful and probably fatal accident befell John Hatch, a carpenter, yesterday afternoon. He was employed by Contractor Levi Griffith on a new house at the corner of Clinton and Suttenfield streets and with another workman, was standing on a scaffold when it gave way, precipitating both men to the ground. Hatch fell on a sharp stake, which penetrated his abdomen several inches. He is now at his home, 38 Walnut street, under the care of Dr. T. P. McCullough, Dr. George C. Stemen and Dr. Wm. Enslen. He has a family.

THE BLUE AND GRAY

Veterans of the Two Armies Assembled at Knoxville, Tenn.

KNOXVILLE, Tenn., Oct. 8—The reunion of the blue and the gray has brought to Knoxville one of the largest crowds ever assembled in this city. Every state in the union is represented, and it is estimated that at least 15,000 veterans are already here. Gen. W. H. Gibson, of Tiffin, O., and Gen. Longstreet, of Georgia, will speak. A great parade will take place to day, followed by various entertainments in the evening. The New York Highlanders visited the old fort yesterday, where they fought first twenty-seven years ago, and then went to the cemetery and placed flags on the graves of their dead comrades.

TO-NIGHT.

UNION VETERAN LEGION—Camp fire.
PRAYER MEETING—At the different city churches.
WORLD'S MUSEUM—Stage Performance and New Attractions.
LODGES—Loyal K. of P.

THE veterans are having grand weather for their encampment.

THE republicans of this county will make no nominations for members of the state legislature.

CUPID has commenced his October carnival, and marriages will no doubt be numerous this month.

THE Lutheran schools of the city are closed this week. The teachers are attending a convention held at Bremen, Ind.

CLO. I. N. WALKER, the republican candidate for secretary of the state, is in the city. Colonel Walker was at one time a resident of Fort Wayne.

MR. J. A. JOEL, editor and publisher of the Grand Army Gazette and National Guardsman, is in the city attending the Union Veteran encampment.

THE democrats held a rousing meeting at Wolcottville last night. Addresses were delivered by Hon. Claude Matthews, Hon. W. F. McNagny and Hon. O. L. Ballou.

THE impression prevails in political circles of Chicago that Carter H. Harrison will be the next democractic candidate for mayor of that city. Recent events demonstrate that he is still the favorite of the Chicago democracy.

THE republican county central committee have opened their headquarters at rooms Nos. 11 and 12 Foster block. The faithful go up in an elevator. After the 4th of November next they will go up salt river in flat boats.

THE Hendricks club may arrange to attend the big democratic meeting at Columbia City Friday night. The meeting will be addressed by Senator Voorhees, Hon. Claude Matthews, Hon. Andrew M. Sweeney and Congressman C. A. O. McClellan.

THE National Association of Local Preachers has closed its session in this city. The meeting has been a profitable one and it is to be hoped that as a result of their efforts Taylor university will take an advanced step among the educational institutions of the country.

AMONG those in attendance at the encampment of the Union Veteran legion in this city is J. C. Stevenson, the editor and publisher of the Volunteer, a G. A. R. paper, published at New Castle, Pa. Mr. Stevenson is an old soldier and a pleasant gentleman. He was a caller at THE SENTINEL office.

PROFESSOR MOLLER, of Carlsruhe, has made some interesting observations on clouds. The highest clouds, cirrus and cirro-stratus, rises on an average to a height of nearly 30,000 feet. The middle clouds keep at from about 10,000 to 23,000 feet in height, while the lower clouds reach to between 3,000 and 7,000 feet.

HENRY M. STANLEY expects to reach New York Nov. 5. During his coming tour he will travel in a private car constructed especially for him. Four years ago he made a contract with a Baltimore man to deliver lectures on Africa for $100 apiece. It is said that he will receive from $500 to $5,000 for each of his lectures this coming season.

IF ANYBODY believes it does not cost much to run the government of the United States, let him take a look at the figures. The total appropriations for the year 1890 91, including interest charges and the like, fell little short of the enormous sum of $463,000,000. A little over thirty years ago, the government was considered extravagant when the ordinary expenditures exceeded sixty millions a year.

THE effects of the McKinley tariff bill, in the way of advancing prices on many articles consumed by the people, will soon be felt in Fort Wayne, but the republicans say this higher tariff is for the purpose of protecting labor and advancing wages. Laboring men, everyone of you who have had your wages increased since the McKinley bill went into effect, please hold your hands up. What is the matter? We don't see any hands.

THE delegates to the fifth annual convention of the Union Veteran Legion which assembled in this city to-day should be given a royal welcome by our citizens. It will without doubt be extended to them. The hospitality of the citizens of Fort Wayne on such occasions is proverbial and the veterans who are with us will, when they depart for their homes, carry with them pleasant recollections of the visit here. All honor to the soldier hero, we say. Their memory will live long after the last survivor of the war of the rebellion has passed from amongst us, and while we have them with us they will be loved and honored for the sacrifices they made for their country's cause.

"E. J. DENNING & Co., successors to the great dry goods house of A. T. Stewart & Co., said: 'The rates of duties prescribed in the McKinley bill will affect all classes of dry goods, and particularly the lower grades or cheaper qualities, such as the poorer classes require. On such the increase of duties is disproportionately great, and thus the bill hits the poor people more severely than it does the rich. Silk goods, which are bought almost exclusively by the wealthy, are not increased at all.'"—New York Dispatch. "The tariff is designed primarily to benefit the workingmen."—Republican Doctrine.

JAY GOULD takes this view of the tariff question: "I cannot see that the new tariff of itself will be a disadvantage to the country. If it increases the cost of some articles people will simply use less of them. Take wool, for instance. If the tariff on wool makes clothing cost more a person would get along with one suit, where he would otherwise have two." To Jay Gould, who is able to purchase a new suit of clothes every day in the year if he wants to, this may be a very consoling view, but the laboring man will probably not look at it in this light. You will have to stand it, however, laboring men readers. If you have been so extravagant as to purchase two suits of clothes during the year, you must now, since the McKinley tariff bill has gone into effect, get along with one. That's the advice the Jay Goulds and the money kings of the country, whom this tariff benefits, give you. Oh, the republican tariff is a blessing. Gould, in the course of his remarks on the tariff, adds: "The country will soon accommodate itself to the change." Yes, he can do it very easily with his plethoric purse. So can you, laboring men. You will have to, if you are willing to sit down and submit to this grinding law that compels you to pay increased prices for many of the necessaries of life. Hang on to that old suit of clothes. Make it last you. Cut down your expenses on the necessaries of life, and the McKinley tariff bill won't hurt you. That is Jay Gould's advice. How do you like it?

The National Association of Local Preachers Concludes its Session.

The National Association of Local Preachers, which has been in session at the Taylor university in this city for several days, adjourned sine die last night.

At the meeting yesterday a resolution pledging the association to use its influence against the opening of the world's fair on Sunday was unanimously adopted.

The committee on education, in its report, reviewed at length the steps which led to the purchase of Taylor university, and the interest in the institution which pertains to the association. The report closes by the recommendation that the national association of local preachers of the Methodist church use all the power they are authorized under their charter to assist the Taylor university. That a committee of five be appointed to report at once how far legally the association can go, and to confer with the representatives of the university in Fort Wayne and north Indiana conference, and unite upon a plan of action looking to the acceptance of the terms of the organization as presented under the by-laws, and such other relief as may be right and necessary to carry out the objects sought. That the trustees under the charter of the Taylor university make to their body or committee a full exhibit of all matters of interest connected with the undertaking. The report was adopted, and the committee recommended was appointed, consisting of Chauncey Shaffer, LL. D., N. N. Walker, R. E. Hudson, C. B. Stemen, B. F. Chadwick.

The committee on temperance reported resolutions pledging the united efforts of the association to those engaged in the efforts toward the destruction of the legalized traffic in intoxicating liquors; that it is the duty of the local ministers to unite together and by their influence and votes hasten the day when no legalized saloons shall be found in our beloved country, protected by a license or tax, and pledging the association to support the W. C. T. U. in its efforts to save the fallen.

On the question of a place for the next annual meeting an invitation was accepted from Ridge avenue church, Harrisburg, and the time was fixed on the first Saturday of October, 1890.

In its report yesterday THE SENTINEL gave the principal officers elected and it now adds the vice-presidents and committees chosen.

Strike of Michigan Miners.

ISHPEMING, Mich., Oct. 7.—About 2,500 miners were idle in Ishpeming last night. The strike began at noon, and was started by the men at the Lake Angeline mine, who went to the other mines in the oisy, persuading all the miners to join them. A mass meeting will be held to-morrow. There is a likelihood that the agitation will extend to the iron mines of the entire Lake Superior district, affecting about 3,500 men, and further strikes are not improbable.

Only Two Leagues Next Year.

NEW YORK, Oct. 7.—The Tribune says: "The national league will hold a special meeting at the Fifth avenue hotel, on Thursday, and it is now the general opinion that a proposition from the player's league will not only be received, but that it will be favorably acted upon at that meeting. This meeting will probably be followed by a convention, to which the national and players' league and American association will send delegates. Then the three organizations will probably be merged into two, and base ball will boom next season as it has never boomed before."

MORTAR-SPOTTED SKIN

Covered with Scales. Awful Spectacle. Cured in Five Weeks by the Cuticura Remedies.

I am going to tell you of an extraordinary cure your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body but thought nothing of it until some time later on when it began to look like spots of mortar spotted on, which came off in layers accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, until I had been fully cured. I had the disease thirteen months before I began taking the Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I know of a great many who have taken the Remedies, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express my thanks to you. My body was covered with scales and I was an awful spectacle to behold. Now my skin is as clear as a baby's.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

"Some lives are like Horse Shoes the more worn the brighter." Busy wives who use SAPOLIO never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

Sheriff Finch, of South Bend, was called to Granger, by telegraph, Monday evening, to take charge of a drunken man who had entered the home of Edward Hain and brandished a revolver and driven out all the occupants. A crowd gathered at a safe distance from the house, and the man, crazed with liquor, would allow no one to enter until the sheriff arrived, when he was captured.

Burglars made an ineffectual attempt to break into the residence of Mrs. Swayne, of 53 Walter street, about midnight last night. Mrs. Swayne heard the intruders before they were successful in opening the door, and gave the alarm. She had drawn some pension money yesterday which she had not yet deposited in the bank, and it is believed that the persons who tried to get in were familiar with this fact.

Abel Blondoit Attempts to Kill His Mother and is Under Arrest.

Abel Blondoit, whose weakness for liquor fills him with demoniac desires at times, attacked his mother at her home, No. 8 Short street, late yesterday afternoon in a shocking and brutal manner. In a rage he knocked her down, and in falling she struck a door, cutting a gash in her head from which there was a copious hemorrhage of blood. The drunken maniac then fled. Mrs. Blondoit was cared for by neighbors and she may not survive. Lieutenant Lapp arrested Blondoit last night and he will have to stand trial in the circuit court, Prosecuting Attorney Robinson filing information against him this morning, charging him with assault with intent to kill. Blondoit is now in jail.

Rector A. W. Seabrease performed the ceremony. There were no attendants. The bride was charmingly attired, and the groom wore the conventional black. The ushers were Will A. Evans, M. C. Orff, Hugh Rockhill and John F. Dougall. A wedding reception was given at the bride's home, after which the couple left for a short trip east. Mr. and Mrs. Metzgar will be at home after October 29 at 18 Monroe street, which is furnished for their occupancy. A number of very elegant presents were received. RIDES ON A LOCOMOTIVE.

President Harrison Makes the Whistle Shriek and Secretary Tracy Pulls the Bell Cord.

PEORIA, Oct. 8.—The third day of the president's journey opened most auspiciously. When he awoke in his room at the National hotel the sun was shining brightly and the air was crisp and cool. The president had a good night's rest and was in excellent health and spirits. At 7:30 Mayor Clarke and a delegation of prominent citizens called on the president to escort him to the Chicago, Burlington and Quincy railroad station, where his car was waiting. The president was loudly cheered on his way to the station, where a very large assemblage was in waiting. The president was introduced to the assemblage by Mayor Clarke and he addressed it from the rear platform of his car.

He said: "My fellow citizens—It is not possible that I should introduce this morning any serious theme. I have greatly enjoyed this trip and find myself simply saying thank you, but with an increasing sense of the kindness of the people. If anything could add to the solemn sense of responsibility which my official oath places upon me, it would be these evidences of friendliness and confidence. The great mass of the people of this country are loyal, loving, dutiful citizens, ready to support every faithful officer in the discharge of his duty and to applaud every honest effort for their good. It is a source of great strength to know this, and this morning, not less from this bright sunshine and this crisp Illinois air than from these kindly faces, I draw an inspiration to do what I can, the very best I can, to promote the good of the people of the United States.

"I go to-day to meet with some comrades of your state who stood with me in the army of the great union for the defense of the flag. I beg now to thank these comrades of Peoria and this company of national guards, and all these friends, and you Mr. Mayor and gentlemen of the reception committee, for this kindly greeting, and to say that I have the satisfaction of knowing the people of this community are very prosperous. That as prosperity increases every citizen, even the humblest shares it. May peace, social order and the blessing of God abide in every house is my parting wish for you."

One of the features attending his visit here was a very pretty little presentation at the station this morning. Miss Elsie Leslie, the child actress of the Prince and Pauper company, on behalf of the citizens and the Grand Army, presented him with a beautiful boquet saying "The citizens of Peoria and the Grand Army wish me to present this to you and I am very happy to do so." The president took the boquet and then stooped down and kissed the little girl on the cheek. The party have left for Galesburg.

Breakfast was ready in the dining room of the car and the president was served immediately after leaving the station. Shortly before 9 o'clock the committee from Galesburg, consisting of Major H. H. Clay, Judge A. A. Smith and Hon. H. M. Sisson, accompanied by representatives of the Galesburg press, called on the president and explained to him the program arranged for his entertainment at Galesburg. This included a review of procession and an address of welcome by Mayor Stevens to which the president will respond. The president will then lay the corner stone of Knox College Alumni hall, going thence to the Union hotel where luncheon will be served.

After luncheon the president is to preside at the brigade meeting at the opera house. At 6 p. m. he attends the Phi Delta Theta banquet, and later the brigade banquet.

Just before the train reached Galesburg it was brought to a stand still, and the president walked up the track to see the beautifully decorated engine, and to speak to the engineer, Frank Hilton, who was a member of the 103d Illinois regiment, part of the president's brigade. The president, after shaking hands with the engineer and fireman, signified a wish to take a ride on the locomotive. "I'll get up and ride if you'll keep her on the track," said the president, as he climbed into the cab. Secretary Tracy and Judge Rice, of Quincy, followed. Engineer Hilton grasped the lever, while the president sat on the engineer's long cushioned seat, the throttle valve was opened and away sped the train towards Galesburg.

Secretary Tracy, who was occupying the fireman's seat, amused himself during a part of the time by pulling the bell rope, and the president made the whistle shriek several times when there were no cows or crossings within a mile or more. After a run of five miles the train was stopped and the president shook hands again with the engineer and fireman and left the cab. He and his two companions stood at the side of the track while the train was pulled forward, until the Hasmere was abreast of the party. They climbed quickly on board, the signal to start was given and the journey to Galesburg was resumed. The train slowed up at the city limits and it was about 10 o'clock when it pulled into the station here.

At the station the president was met by Mayor Stevenson and local committee, who acted as his escort to the Union hotel. There was an enormous crowd at the station and lining the streets, and the program of the procession of carriages through the streets was marked with continued cheering. At the Union hotel the president was taken to a private parlor and in a short time arrangements were made for a brief reception by distinguished and local citizens. General Post made the introductions. The reception lasted only a few minutes and the president then returned to his private parlor.

Col. H. G. Ballingall, of Ottumwa, president of the Iowa coal palace, called on the president to arrange the program to be followed to-morrow. The program as arranged includes a parade at 1:30 p. m., dinner at the residence of W. T. Fenton, a visit to the coal palace where an address of welcome will be delivered by Governor Boise and a response will be made by the president. In the evening from 8 to 9 o'clock a reception will be tendered him and Gen. Grosvenor will deliver an address.

ALL RIGHT NOW.

The End of the James--Crary Elopement at Martinsville.

MARTINSVILLE, Ind., Oct. 8.—Society here and at Kingstown was thrown into a fevered state a week ago over the elopement of Miss Pearl Crary, of this city, and Ed James, of the latter place. The young lady's father, it will be remembered, at first desperately angry, pursued them and had them arrested at Richmond.

Young James was not of age, nor was the girl. Yet they got a man to swear that they were, and thus secured a license to marry. Before the ceremony could be performed both were arrested, and he, being unable to give bail, was placed behind the bars. Matters have now been amicably adjusted, and the lovers were married at the residence of the bride's parents this afternoon. Rev. E. R. Vest, of this city, officiated, and was assisted by Rev. B. F. Brewington, of Knightstown. All suits growing out of this affair will be withdrawn at once. The young folks are representative families of their respective cities.

TERRIBLE EXPLOSION.

Nine Men Injured, One of Whom Will Die.

MUSKEGON, Mich., Oct. 8.—A terrible explosion occurred at the Ducey Lumber company's lower saw mill, on the north side, at 6 o'clock this morning, as Fireman Yerger was getting up steam to start the engines. Four of the six boilers exploded with tremendous force, wrecking one-third of the building completely and throwing the other two boilers from their foundations. Nine men were injured. Yerger, the fireman, was caught under the timbers and escaping steam scalded him terribly. He will die. A young man named Hawkins is also fatally injured. The loss is estimated at $12,000; no insurance.

NEW CITY GOVERNMENT.

Cincinnati Wants to Take Off the Old and Put on a New.

CINCINNATI, Oct. 8.—It became known last evening that 500 leading citizens, judges, attorneys, bankers, capitalists and merchants, equally divided between the two parties, would go to Columbus next Tuesday, at the opening of the special session of the legislature, with a bill already prepared to abolish the entire city government of this city and substitute a federal form. The head officer is to receive $10,000 annually. A board of control of five members, on a salary of $7,500, will constitute the governing force of the city. No other officer of any kind will be known.

UP WILL GO SHOES.

The Blessings of the McKinley Tariff Bill.

NEW YORK, Oct. 8.—About 130 shoe manufacturers, representing all parts of the country, met here yesterday and decided that there must be an advance in the price of shoes. This decision was reached only after a long discussion. It was said that the advance would be from twenty-five to fifty cents a pair.

Robber Captured.

DENVER, Col., Oct. 8.—Deputy United States Marshall Bush has arrived here from Salt Lake, whither he went to capture the Muddy Creek stage robbers. Bush located the two men last August in the Blue mountains and started after them with a posse. He chased them from Wyoming to Utah, thence to New Mexico, thence back to the Blue mountains and finally to the La Salle mountains, where Dan Parker was captured after a desperate resistance. Frank Roger, the other robber, escaped.

Killed by a Freight Train.

GREENFIELD, Ind., Oct. 8.—Last night as Samuel Anderson, aged about seventy, attempted to crawl under a freight train, it started and he was caught by the brake bars and rolled over and his life crushed out. The train was soon stopped and his remains removed, but slightly mangled. He has been engaged by the Pan Handle company here for many years to attend to the switch lights. He was one of Greenfield's first settlers. He leaves a wife and thirteen living children.

A TERRIBLE MISTAKE!

Little Earl Arnold Drinks Carbolic Acid and Death May Result From It.

About noon to-day Earl, the four-year-old son of John Arnold, residing at the corner of Third and North Calhoun streets, in Bloomingdale, picked up a vessel containing what he supposed to be water and drank from the contents. Instead of being pure, cold water it was carbolic acid, which had been set on a window sill as a deodorizer.

The deadly effects of the poison soon sent the boy into convulsions. The acid began to eat away the covering of his mouth, throat, windpipe and tongue, nearly causing the boy's death before the arrival of Drs. Gard and Ogle, who had been sent for. They found that the liquid he swallowed contained ninety per cent. acid. The lad may die.

THE OLD WORLD.

News as It Comes to Us From Foreign Shores.

LONDON, Oct. 8.—A belief prevails that the striking furnace men will return to work on the masters' terms and many of them are reported to be willing to resume their places at the old rate of wages. The decline in Scotch iron is attributed to this fact.

ROME, Oct. 8.—The pope has proposed to the Abbe Cetty, whose writings on social questions have attracted much attention, that he be appointed to the bishopry of Strasburg.

LONDON, Oct. 8.—The Standard's Constantinople correspondent learns that false rumors concerning the alleged movements of Russian troops on the Turkish frontier have been spread by Russians so as to bring the Sultan to an alliance with the Czar.

DUBLIN, Oct. 8.—A meeting of the tenant defense committee was yesterday called at the mission house in relief arrangements for the collecting of parochial contributions in aid of evicted tenants. The committee announced that £10,000 had already been received. Mr. Dillon presided over the meeting.

BERLIN, Oct. 8.—The ex-minister of war, Gen. Verdy du Vernois, has been granted a pension and the emperor has made him honorary colonel of the third Pomeranian regiment, the command with which the general began his military service.

AMSTERDAM, Oct. 8.—The condition of the king of Holland remains unchanged. The attendant physicians are about to hold a consultation after which they will present a formal report to the cabinet. It does not seem probable that a regency will be established for two weeks to come.

NAPLES, Oct. 8.—Apprehensions are entertained that the conference between the representatives of England and of Italy on the Delimation of the African possessions of the two countries will prove abortive. Both sides tenaciously adhere to their respective position with regard to Cassala and it is not impossible that this may result in defeating a settlement.

REWARD TO TRAINMEN

For Not Giving Assistance to Knights of Labor During the Strike.

NEW YORK, Oct. 8.—The locomotive engineers and firemen employed by the New York Central and Hudson River Railroad company gave the Knights of Labor no assistance in their recent strike and beginning October 1 the majority of them in the freight service received advances of wages amounting to 25 per cent. This advance was voluntary.

Yesterday Vice-president Webb, being asked whether this increase of pay was in the nature of a reward for fidelity to the company during the late strike, replied: "No, nothing of the kind. The increase is given only to men who run the new mogul or ten wool engines. It means more work to run these engines, so those who do the work are getting more money for it."

Arrange to Fight.

NEW ORLEANS, Oct. 8.—The directors of the Metropolitan Athletic club of this city announces that Billy Myer and Jack McAuliffe are to fight in the club in January for $2,500 a side, a purse of $5,000 and the light weight championship of the world. Five ounce gloves are to be used and the men are to fight at 135 pounds. McAuliffe is to be allowed $350 for expenses.

Committed Suicide.

SEATTLE, Wash., Oct. 8.—William Sprague, jr., grandson of ex-Chief Justice Chase and only son of ex-Governor Sprague, of Rhode Island, committed suicide by inhaling chloroform yesterday. Deceased came here from Chicago and secured employment in a menial capacity with the Seattle Journal. Despondency prompted his suicide.

Killed by a Lamp.

PHILADELPHIA, Oct. 8.—Mrs. Mary Shissler, who was struck with a lighted lamp thrown by Peter Clark during a row, died from the frightful injuries she received. Clark was held to await the action of the coroner.

The Weather.

WASHINGTON, Oct. 8.—For Indiana: Warmer, fair weather, southwesterly winds; rain Thursday.

MYSTERIOUSLY MISSING.

Young Rose Alt Is Sent to Procure Groceries and Does Not Return Home.

Rose, the twelve year old daughter of Mr. and Mrs. Antou Alt, of 151 Suttenfield street, is mysteriously missing and the city is being searched to discover her whereabouts.

Last Monday afternoon little Miss Rose was sent by her mother to procure groceries at the store of Philip Graf, on Lafayette street. She was seen to leave the gate of her home with a basket on her arm, and nothing has since been seen or heard of her. The parents, who have always been indulgent to their daughter, are frantic over her continued absence and will not be consoled. Mr. Alt is employed at the Bass foundry. The missing girl was obedient and lovable. She had no inclination to run away, hence there is good cause for anxiety. The girl wore a blue cotton dress.

REV. STEPHEN A. NORTHROP

Elected President of the Indiana Baptist State Convention Now in Session at Muncie.

The fifty-eighth annual meeting of the Indiana Baptist state convention, which is now being held at Muncie, and is attended by a number of delegates from this city, will continue in session one week and bids fair to be one of the most interesting and important ever held in the history of the denomination in this state, as matters of great interest to the work and growth of Christianity in the state will be considered.

The leading object of this important body is to help the weak and promising churches in the growing towns of Indiana; assist them to build suitable church homes, and to support a pastor till well under headway and self sustaining. It has a board of managers, who meet at Indianapolis four times a year to hear reports from these mission fields and to do all they can to encourage them.

There are nearly fifty thousand Baptists in the state and the recent report at Muncie reveals an increase of about four thousand members in the borders of Indiana. There are 3,150,000 Baptists in the United States—their net increase is 110,000 per annum—and there are 9,000,000 people who attend its 31,000 churches. Franklin college, at Franklin, Ind., just south of Indianapolis is supported and patronized by the Baptists of the state. The buildings are new and the institution has an endowment of some two hundred thousand dollars.

Rev. Stephen A. Northrop, the pastor of the First Baptist church of this city, was unanimously elected president of the state convention, at Muncie yesterday, and made a characteristic speech of acceptance. The honor was one worthily bestowed, for few men make a better presiding officer, or are more prominent in the church work of the state. He is a leading member of the managing board, also a member of the board of trustees of the Baptists' Ministers Home, located at Fenton, Mich., and of the Baptist Assembly board of managers, which has one hundred acres of beautiful grounds located at LaPorte, near Pine lake. Rev. Northrop will preside with grace and dignity and will give satisfaction in his rulings. To-morrow morning he will deliver one of the principal addresses of the convention, his subject being "The Educational Awakening."

DEMONICAL DEED.

A Child Mother Kills Her New Born Infant.

SEDALIA, Mo., Oct. 8.—A young girl, apparently about fourteen years of age, who was tramping through the country, stopped at the residence of Charles Dick, a farmer, living near this city, last night. She was furnished with supper and went to bed. In the night she got up, went out of doors, and gave birth to an infant. She pulled the child's head off and threw it on the ground, and threw the body into a chicken coop. The crime was discovered this morning, and the girl arrested. She gives her name as Martha Stanley, and says her home is in Carterville, Mo. She refused to give any reason for her inhuman deed.

A GERMAN'S WILL.

He Gives $10,000 to a Man for Nursing Him.

COLUMBUS, Oct. 8.—Frederick Stachley, an aged German, with no known relatives, who has resided in this city for years, and acquired a fortune estimated by many as amounting to $10,000, died here last week.

Yesterday his will was admitted to probate, when it was learned that Victor M. Greiser, a popular young merchant tailor of this city, was named as his sole heir. Some months prior to the old man's death he sent for Greiser and made a contract with him that he would will him all of his property if he would live with and care for him until he died. The contract has been lived up to by both.

The Dahomey Treaty.

PARIS, Oct. 8.—Minister Barby announced at the cabinet meeting yesterday that the clauses of the treaty with Dahomey would be immediately carried into effect.

RIFLES' RECEPTION.

A Grand Military Ball and Banquet at Princess Rink.

One of the most festive occasions ever held in Princess rink was the fifth annual ball and banquet of the Fort Wayne Rifles, last evening. The grand hall was decorated in national colors and its effect was heightened by the brilliant and moving spectacle of many couples as they whirled about in the many dance. Fourteen numbers constituted the program, after which came a fancy drill by the Rifles.

The banquet was announced at midnight. Hon. James M. Barrett acted as toastmaster in his usual brilliant and witty style. He first introduced Mayor D. L. Harding, who responded to the toast "Our City," in which he referred to the war campaigns of Generals St. Clair and Anthony Wayne and the advance of civilization since those days of carnage. M. M. Slattery responded to the toast "Our Ladies" in a graceful way that is peculiarly his own. Captain C. J. Bulger, the popular young officer who has the Rifles in command, responded to the toast "The Rifles," by reviewing the secondancy of the organization. Will Ranke responded in a similar way to "The Zollinger Battery." Captain Frank Rawles, the first captain elected by the Rifles, was a visitor in the city and in response to a toast "The Militia," he made a fitting impromptu speech. John T. Dougall, city editor of the News, responded to the toast "The Press." Mr. Dougall is a scholarly young journalist, as witty as he is brilliant, and would make an orator. His remarks made a decided hit. William P. Breen, whose flow of eloquence is like music to the ear, remembered "Our Friends." The "Tatto" by Hon. E. C. Bell, that peer of banquet entertainers closed the program, and the crowd dispersed very favorably impressed with the successful entertainment.

Reineke's orchestra furnished music throughout the evening and Seidel catered.

RUBE BURROWS CAPTURED.

The Notorious Southern Desperado and Train Robber Arrested.

BIRMINGHAM, Ala., Oct. 8.—Telegrams received here to-day announce the capture of Rube Burrows, the notorious train-robber, near Myrtle, Monroe county, Alabama. He was captured about 4 o'clock yesterday afternoon by a farmer named John McDuffee, who succeeded in leading him into a trap, and the great outlaw was secured without a struggle. He is now in jail at Linden, Ala. The rewards offered by the government, states, railroads and express companies for the capture of Burrows aggregates $7,500. The Southern Express company has spent not less than $35,000 in trying to capture him.

BURROWS KILLED.

BIRMINGHAM, Ala., Oct. 8.—Rube Burrows, the notorious outlaw and train robber, was shot and killed while attempting to escape from jail by J. C. Carter, one of his captors, at daylight this morning. Burrows was shot in the abdomen and died in a few minutes. Carter received a bullet in the breast from the outlaw's pistol and is dangerously wounded.

SHE MAY NOT MARRY.

The Engagement of Miss Winnie Davis Reported Broken.

SYRACUSE, N. Y., Oct. 8.—The announcement came from New Orleans this afternoon that the engagement of Alfred Wilkinson, of this city, and Miss Winnie Davis, of Beauvoir, had been broken, caused much comment and surprise here. The nuptials had been looked forward to with a great deal of interest. When the engagement was first announced the wedding was put down to take place last month. In July came the announcement that it had been postponed until next June at the request of Mrs. Davis. It is now believed that the engagement was broken at the time and that the matter has been kept quiet until now.

Relatives and near friends of the Wilkinson family say that in all probability the engagement has not been broken, one going so far as to say that he understood that preparations were going on for the wedding. It is believed here that Mr. Wilkinson's finances have had something to do with the end of the engagement, if it is really broken.

YOUTHFUL RUNAWAY.

Le Roy Palmer and Ella Lybarger Refused a Marriage License.

To day a young couple sought to get a marriage license at the clerk's office. The young man, Leroy Palmer, was twenty years old and the girl, Ella Lybarger not more than sixteen. They live near Van Wert and confidentially told Mr. Kern that their parents did not approve of their marriage so they concluded to come to this city and have the ceremony performed.

They were informed that the law would not permit them to become husband and wife and they left the office with disappointment depicted on their faces.

The will of John R. Shlone was entered for probate to-day. All the property is bequeathed to his wife.

TRIED AND TRUE.

The Valiant "Boys" Who Fought Under the Stars and Stripes---The U. V. L. Proceedings.

There are about four hundred comrades of the Union Veteran legion attending the national encampment which opened to-day. Col. J. S. Read and the following staff officers are at the Randall: Arthur Dreifus, adjutant general, St. Louis; W. H. Redbeffer, attorney general, Philadelphia.

The national officers in addition to national commander are, Albert O. Bond, senior vice commander, Brooklyn, F. N.; James Smyth, junior vice commander, Williamsport, Pa.; Frank L. Blair, quartermaster general, Petoskey, Mich.; W. B. Chapman, inspector general, Bradford, Pa.; Rev. John A. Danks, chaplain-in-chief, Allegheny, Pa.

The Ladies' auxiliary to the legion will also transact business at the encampment. Last evening Mrs. Emma J. Barker, the national president, was tendered a reception at the Wayne hotel.

A preliminary camp fire was held at Sion S. Bass post hall last evening, at which greeting was extended to the veterans on behalf of the G. A. R. Judge S. M. Hench presided. An address was delivered by Col. I. N. Walker, of Indianapolis, and it was heartily applauded. Colonel Danks gave some of his inimitable selections of music, and addresses were made by Judge Hench, of this city; Colonel Chapman, General Pierceton, past department commander U. V. L., and others. The camp fire closed with a fine recitation by Mrs. E. Steadman McCann, of this city.

The veterans marched from the Randall hotel to the Standard hall at 9 a. m. this morning, headed by the city band. The meeting was called to order by J. S. Reed, the national commander, and Adjutant General Dreifus officiated as secretary.

The morning session was consumed in hearing national reports. The afternoon session was occupied in transacting business of an unimportant public nature, and an early adjournment was made, in order that the visitors might be shown over the city, as it was feared to-morrow would not bring another day so perfect for such a pilgrimage. The grand camp fire will be given at the Princess rink this evening. To-morrow will be the important day of the session, officers then being elected, committees appointed, etc.

FISHER TO THE FRONT.

The Young Passenger Agent on the High Road to Fame.

Few visitors who come to Fort Wayne do more hand shaking and meet with a more cordial reception than W. H. Fisher, formerly passenger agent of the Muncie route with headquarters in this city, now general passenger and ticket agent of the Columbus, Hocking Valley & Toledo railroad, with headquarters at Columbus. Mr. Fisher arrived in the city last evening and is superintending the shipment of household goods to his home. He speaks of the flattering prospect for this "pumpkin-vine road," which has heretofore been noted more for its freight business than anything else. The passenger equipment is being improved to compare with the best in the country. There is now life instilled into the passenger business and THE SENTINEL will vouch that the characteristic hustle of Mr. Fisher will accomplish wonders. A matter of local interest is the appointment of L. W. Landmann, a former ticket broker in this city, to the position of traveling passenger agent under Mr. Fisher. The appointment was made this week.

FROM A SCAFFOLD

John Hatch Falls and is Impaled on a Sharp Stick.

A painful and probably fatal accident befell John Hatch, a carpenter, yesterday afternoon. He was employed by Contractor Levi Griffith on a new house at the corner of Clinton and Suttenfield streets and with another workman, was standing on a scaffold when it gave way, precipitating both men to the ground. Hatch fell on a sharp stake, which penetrated his abdomen several inches. He is now at his home, 38 Walnut street, under the care of Dr. T. P. McCullough, Dr. George C. Stemen and Dr. Wm. Enslen. He has a family.

THE BLUE AND GRAY

Veterans of the Two Armies Assembled at Knoxville, Tenn.

KNOXVILLE, Tenn., Oct. 8.—The reunion of the blue and the gray has brought to Knoxville one of the largest crowds ever assembled in this city. Every state in the union is represented, and it is estimated that at least 15,000 veterans are already here. Gen. W. H. Gibson, of Tiffin, O., and Gen. Longstreet, of Georgia, will speak. A great parade will take place to-day, followed by various entertainments in the evening. The New York Highlanders visited the old fort yesterday, where they fought first twenty-seven years ago, and then went to the cemetery and placed flags on the graves of their dead comrades.

UNION VETERAN LEGION—Camp fire.
PRAYER MEETING—At the different city churches.

LODGES—Loyal K. of P.

THE veterans are having grand weather for their encampment.

THE republicans of this county will make no nominations for members of the state legislature.

CUPID has commenced his October carnival, and marriages will no doubt be numerous this month.

THE Lutheran schools of the city are closed this week. The teachers are attending a convention held at Bremen, Ind.

CLO. I. N. WALKER, the republican candidate for secretary of the state, is in the city. Colonel Walker was at one time a resident of Fort Wayne.

MR. J. A. JOEL, editor and publisher of the Grand Army Gazette and National Guardsman, is in the city attending the Union Veteran encampment.

THE democrats held a rousing meeting at Wolcottville last night. Addresses were delivered by Hon. Claude Matthews, Hon. W. F. McNagny and Hon. O. L. Ballou.

THE impression prevails in political circles of Chicago that Carter H. Harrison will be the next democratic candidate for mayor of that city. Recent events demonstrate that he is still the favorite of the Chicago democracy.

THE republican county central committee have opened their headquarters at room Nos. 11 and 12 Foster block. The faithful go up in an elevator. After the 4th of November next they will go up salt river in flat boats.

THE Hendricks club may arrange to attend the big democratic meeting at Columbia City Friday night. The meeting will be addressed by Senator Voorhees, Hon. Claude Matthews, Hon. Andrew M. Sweeney and Congressman C. A. O. McClellan.

THE National Association of Local Preachers has closed its session in this city. The meeting has been a profitable one and it is to be hoped that as a result of their efforts Taylor university will take an advanced step among the educational institutions of the country.

AMONG those in attendance at the encampment of the Union Veteran legion in this city is J. C. Stevenson, the editor and publisher of the Volunteer, a G. A. R. paper, published at New Castle, Pa. Mr. Stevenson is an old soldier and a pleasant gentleman. He was a caller at THE SENTINEL office.

PROFESSOR MOLLER, of Carlsruhe, has made some interesting observations on clouds. The highest clouds, cirrus and cirro-stratus, rises on an average to a height of nearly 30,000 feet. The middle clouds keep at from about 10,000 to 23,000 feet in height, while the lower clouds reach to between 3,000 and 7,000 feet.

HENRY M. STANLEY expects to reach New York Nov. 5. During his coming tour he will travel in a private car constructed especially for him. Four years ago he made a contract with a Baltimore man to deliver lectures on Africa for $100 apiece. It is said that he will receive from $500 to $5,000 for each of his lectures this coming season.

IF ANYBODY believes it does not cost much to run the government of the United States, let him take a look at the figures. The total appropriations for the year 1890-91, including interest charges and the like, fell little short of the enormous sum of $463,000,000. A little over thirty years ago, the government was considered extravagant when the ordinary expenditures exceeded sixty millions a year.

THE effects of the McKinley tariff bill, in the way of advancing prices on many articles consumed by the people, will soon be felt in Fort Wayne, but the republicans say this higher tariff is for the purpose of protecting labor and advancing wages. Laboring men, everyone of you who have had your wages increased since the McKinley bill went into effect, please hold your hands up. What is the matter? We don't see any hands.

THE delegates to the fifth annual convention of the Union Veteran Legion which assembled in this city to-day should be given a royal welcome by our citizens. It will without doubt be extended to them. The hospitality of the citizens of Fort Wayne on such occasions is proverbial and the veterans who are with us will, when they depart for their homes, carry with them pleasant recollections of the visit here. All honor to the soldier hero, we say. Their memory will live long after the last survivor of the war of the rebellion has passed from amongst us, and while we have them with us they will be loved and honored for the sacrifices they made for their country's cause.

"E. J. DENNING & Co., successors to the great dry goods house of A. T. Stewart & Co., said: 'The rates of duties prescribed in the McKinley bill will affect all classes of dry goods, and particularly the lower grades or cheaper qualities, such as the poorer classes require. On such the increase of duties is disproportionately great, and thus the bill hits the poor people more severely than it does the rich. Silk goods, which are bought almost exclusively by the wealthy, are not increased at all.'"—New York Dispatch. "The tariff is designed primarily to benefit the workingmen."—Republican Doctrine.

JAY GOULD takes this view of the tariff question: "I cannot see that the new tariff of itself will be a disadvantage to the country. If it increases the cost of some articles people will simply use less of them. Take wool, for instance. If the tariff on wool makes clothing cost more a person would get along with one suit, where he would otherwise have two." To Jay Gould, who is able to purchase a new suit of clothes every day in the year if he wants to, this may be a very consoling view, but the laboring man will probably not look at it in this light. You will have to stand it, however, laboring men readers. If you have been so extravagant as to purchase two suits of clothes during the year, you must now, since the McKinley tariff bill has gone into effect, get along with one. That's the advice the Jay Goulds and the money kings of the country, whom this tariff benefits, give you. Oh, the republican tariff is a blessing. Gould, in the course of his remarks on the tariff, adds: "The country will soon accommodate itself to the change." Yes, he can do it very easily with his plethoric purse. So can you, laboring men. You will have to, if you are willing to sit down and submit to this grinding law that compels you to pay increased prices for many of the necessaries of life. Hang on to that old suit of clothes. Make it last you. Cut down your expenses on the necessaries of life, and the McKinley tariff bill won't hurt you. That is Jay Gould's advice. How do you like it?

The National Association of Local Preachers Concludes Its Session.

The National Association of Local Preachers, which has been in session at the Taylor university in this city for several days, adjourned sine die last night.

At the meeting yesterday a resolution pledging the association to use its influence against the opening of the world's fair on Sunday was unanimously adopted.

The committee on education, in its report, reviewed at length the steps which led to the purchase of Taylor university, and the interest in the institution which pertains to the association. The report closes by the recommendation that the national association of local preachers of the Methodist church use all the power they are authorized under their charter to assist the Taylor university. That a committee of five be appointed to report at once how far legally the association can go, and to confer with the representatives of the university in Fort Wayne and north Indiana conference, and unite upon a plan of action looking to the acceptance of the terms of the organization as presented under the by-laws, and such other relief as may be right and necessary to carry out the objects sought. That the trustees under the charter of the Taylor university make to their body or committee a full exhibit of all matters of interest connected with the undertaking. The report was adopted, and the committee recommended was appointed, consisting of Chauncey Shaffer, LL.D., N. W. Walker, R. E. Hudson, C. B. Stemen, B. F. Chadwick.

The committee on temperance reported resolutions pledging the united efforts of the association to those engaged in the efforts toward the destruction of the legalized traffic in intoxicating liquors; that it is the duty of the local ministers to unite together and by their influence and votes hasten the day when no legalized saloons shall be found in our beloved country, protected by a license or tax, and pledging the association to support the W. C. T. U. in its efforts to save the fallen.

Strike of Michigan Miners.

ISHPEMING, Mich., Oct. 7.—About 2,500 miners were idle in Ishpeming last night. The strike began at noon, and was started by the men at the Lake Angeline mine, who went to the other mines in the city, persuading all the miners to join them. A mass-meeting will be held to-morrow. There is a likelihood that the agitation will extend to the iron mines of the entire Lake Superior district, affecting about 5,500 men, and further strikes are not improbable.

This meeting will probably be followed by a convention, to which the national and players' league and American association will send delegates. Then the three organizations will probably be merged into two, and base ball will boom next season as it has never boomed before."

MORTAR-SPOTTED SKIN

Covered with Scales. Awful spectacle. Cured in Five Weeks by the Cuticura Remedies.

I am going to tell you of an extraordinary cure your Cuticura Remedies performed on me. I had what Asiatic fever and other pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like a mixture of mortar spotted on, which came off in layers accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed fresh while, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. Within months before I began taking the Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I know of a great many who have taken the Remedies, and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express my thanks to you. My body was covered with scales and I was an awful spectacle to behold. Now my skin is as clear as a baby's.

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.
